Local Events

December saw the return of the Old Silkstone Colliery brass band to Headon Church (see left) for an evening of carols and Christmas music. An energetic band master kept the audience engaged. The evening ended with mulled wine and mince pies at the village hall.

At the end of November, Headon Village Hall held a jazz night with the duo Ian Millar (saxophone) and Dominic Spencer (piano). The evening was well attended giving the event a jazz club atmosphere.

Retford Christmas charity tractor run saw over 150 tractors visit several villages in the Retford area including Upton (pictured below) on the 21st December. As you can see the tractors were decorated for the season and made an impressive sight as they made their way around the area. The charities supported this year were the Farming Community Network and PACT, a local children's cancer charity. Donations are still being accepted on the fund raising site: <https://www.givewheel.com/fundraising/5579/retford-christmas-charity-tractor-/>

Power Station Site Funding

Plans to transform three former coal fired power station sites in Bassetlaw into a world leading clean energy and innovation supercluster are set for a boost, with the East Midlands Combined County Authority (EMCCA) allocating up to £3million in funding at its December Board meeting.

Located alongside the River Trent, the power stations at West Burton, Cottam, and High Marnham once formed part of Megawatt Valley. This critical piece of UK energy infrastructure was created in the 1960s, and at its peak, was responsible for generating 25% of the electricity needed by England and Wales.

The EMCCA funding will support these three huge sites transition towards producing clean energy, and hopefully help drive economic growth across the region and develop innovation, skills and opportunities that will benefit communities in Bassetlaw, Nottinghamshire, and the wider East Midlands.

Puzzle Corner

You are outside a closed room with three light switches. Only one of them controls a light inside the room. You can flip the switches as much as you want, but you can only enter the room once to check. How do you know which switch controls the light?

Answer on the bottom of the back page.

Church News & Services

Following the retirement of Rev Canon Bronwen Gamble in January 2022, the process of appointing a new Rector is still continuing. During this period the Church will continue as near normal as possible.

The Church contact is Reader Gill Rann on 07518 543868 or riversretfordgill@gmail.com. Gill will be able to help with enquiries on matters such as baptisms, weddings, funerals, or home visits by putting you in touch with the appropriate person.

Answers: Turn on two switches, then turn one off after a few minutes. Enter the room; if the bulb is on, it's the first switch. If the bulb is warm, it's the second. If cold, it's the third.
