## Susan Hollingworth and the Lydian Choir

Susan is Musical Director of the Scunthorpe Cooperative Junior Choir, which won the overall title of BBC Choir of the Year in 2008. They took part in the BBC Proms in September 2009 singing Handel's Messiah and received rave reviews. In 2000 they travelled to Sydney to take part in the Olympic Torch Processions; they sang at the opening night celebrations of the Millennium Dome and at the first Holocaust Memorial Service at Westminster. Susan is also Musical Director of the Sine Nomine International Touring Choir, a choir made up of choral directors; she has worked for the National Youth Choirs of Scotland and Great Britain and is a guest conductor for Leeds Lieder and The National Centre for Early Music. In 2010, Susan was named Choir Master of the Year by *Gramophone Magazine*.

In December 2009, BBC Radio 3 invited her to lead performances of the Hallelujah Chorus in Glasgow and London. She has also adjudicated for BBC Radio 3 Choir of the Year, Coleraine, Elgin and Don Valley festivals.

Susan has been successful in obtaining funding from the Cultural Olympiad for the production of a Community Opera based on the life of Albert 'Lal' White, a famous Scunthorpe cyclist who won a silver medal at the Antwerp Olympics in 1920. The music for the opera, 'Cycle Song', is

written by Tim Sutton and the words are by Ian McMillan. This will be performed in Scunthorpe, with a cast of 2,000, on July 14 & 15, 2012.

**The Lydian Choir**, a four part (SATB) adult choir, began life in 1975 in Scunthorpe. In recent years, the choir has forged some international links, with two trips to the French Alps and, last year, a trip to Southern Spain. The varied repertoire of the choir is reflected in most of the concert programmes, which often begin with sacred music and end with something amusing. In between, there may be folk songs, spirituals, perhaps a few madrigals. The choir normally sings unaccompanied.

**Parish Council Vacancy**

There is still one vacancy for a parish council member at Grove.

**Broadband Speed Questionnaires**

Once again, thank you to everyone who completed a Broadband questionnaire. The results have now been circulated to interested parties in the hope that the slow speeds we currently experience in this area can be improved upon. A volunteer has come forward and offered to assist in costing a project proposal to improve speeds. Capital costs are being sought. The suggested "single broadband scheme" would mean residents moving from their existing internet service providers on to a new supplier. This proposal will be investigated further to determine how this could be achieved and at what cost. For more information or to offer support, please contact Parish Council member Ben Wielgus on 01777 700184 or email [ben@wielgus.co.uk](mailto:ben@wielgus.co.uk).

**Planning Application for a Wind Turbine**

The parish council recently considered an application for a 24.6m high wind turbine on Greenspotts Lane, Nether Headon. Strong opposition from those residents attending the parish council meeting on Monday evening led to a council decision to object to the turbine on the grounds of noise pollution, visual impact and effect on wildlife.

**Advertising Items of Public Interest**

Another matter, linked with the above and raised by residents at the public forum section of the parish council meeting, was that they were not always aware of items of public interest. In matters such as planning applications, it is important that nearby residents are informed so that they can submit comments or objections within the given timescales. The concern has been raised with the Bassetlaw DC Planning Dept and the parish council members are to consider how to improve communication in general at their next meeting at 7.30pm on Monday 14<sup>th</sup> May. If anyone has any ideas as to how communication could be improved, please contact a parish council member prior to our next meeting or come along to talk to us on the evening.

**Register of Electors – Annual Canvass 2012**

Bassetlaw District Council is required to do an annual canvass for the Register of Electors. The canvass takes part in two stages:

Part one - delivering forms to every household between 22<sup>nd</sup> June and 8<sup>th</sup> July.

Part two - house to house canvassing to all non-responders between 25<sup>th</sup> August and 16<sup>th</sup> September (visiting at least twice to try to obtain a completed form)

Payment for stage one is 40p per property plus £30 per canvasser.

Payment for stage two is £1.40 for every signed form returned to the office.

Both stages of the canvass have to be completed and payment is made at the end of the project. If anyone in the parish is interested in doing the canvass in this area, please contact Stephen Phillips at Electoral Services BDC on 01909 533464 or email [stephen.phillips@bassetlaw.gov.uk](mailto:stephen.phillips@bassetlaw.gov.uk). ## Wind Turbines

It was an ideal day to test some of the claims – a warm March day with a brisk wind. We walked across the fields (footpaths through the crops not yet cleared) to the dreaded wind turbine. At 25 metres we could hear the low level sound being produced. Having tracked down the environmental monster in its lair we walked to Headon Camp and Brickyard Cottage with high expectations. After all, the wind was blowing straight towards these sites. So, what did we hear? What indeed? Very little. Even with maximum concentration the “sound like a train” was barely discernible. The road rumble from frequent passing cars was orders of magnitude higher. And as for the bus or lorries going to Headon Camp, if the turbine sounds are “enough to drive people indoors”, these sounds would make them want to emigrate.
